

Guildford Heritage and Environment Awards 2003

'People's Favourite' Award for 2003

A new 'People's Favourite' award has been introduced to Guildford Borough Council's annual Heritage and Environment Awards.

The new award will give the public the opportunity to vote on a different theme each year. For 2003 the 'People's Favourite' will be focussing on the built environment in recognition of the vast range of architecture in the Borough.

We would like you to nominate your favourite building, old or new. All nominations must be in the Guildford Borough boundary.

The winner will be announced at the annual awards ceremony in the Autumn. If you select the winning building your details will be entered into a draw for your chance to attend the awards ceremony at Guildford's historic Guildhall.
